

SUSANNE KAUFMANN™ & HOTEL POST BEZAU

NEW Susanne Kaufmann™ Glow Mask

Susanne Kaufmann introduces the NEW Glow Mask launching May 2019. With a revitalizing and radiance enhancing formula, the Glow Mask helps to achieve a fresh and youthful complexion. Complete with anti-aging and circulation-boosting ingredients, the Glow Mask works to renew and regenerate the skin.

Papaya powder acts as an enzymatic peel: it removes dead skin cells, while minimizing pores. Active ingredients from ginger and coffee stimulate cell metabolism and promote collagen production. An extract from the raspberry plant improves skin moisture and protects cells from excessive water loss. The active ingredient of date extract enhances the antioxidant defense system of the skin and increases cell protection.

After just 15 minutes, the Susanne Kaufmann™ Glow Mask gives an overwhelming feeling of freshness and renewal.

Key ingredients:

- **Papaya Powder** helps to remove dead skin cells and reduce pores.
- **Ginger Extract** promotes the natural production of collagen and elastin.
- **Coffee Extract** cleanses the pores while reducing fine lines.
- **Raspberry Extract** provides the skin with moisture and reduces sebum production.
- **Date Extract** strengthens skin protection, stimulates skin metabolism, and has an antioxidant effect.

Effect:

- Stimulates cell renewal
- Reduces hyperpigmentation
- Reduces sebum production and minimizes pores
- Makes the skin smooth and radiant, counteracting signs of aging
- Optimizes the moisture balance of the skin
- Promotes the skin elasticity

Application:

Apply to cleansed skin in the morning or evening. Allow Glow Mask to absorb and act for 10-15 minutes. The slight tingling sensation on the skin shows that the ingredients are starting to take effect. Remove with lukewarm water and continue with normal skin routine. Not suitable for
